Training Manager

Training Manager add-on is an integrated training and competencies solution to quickly enforce staff skills to meet regulatory requirements

Key benefits

- Organize trainings to meet ISO compliance standards
- Improve training efficiency and accountability
- Enhance user knowledge and skills
- Centralize training records storage and retrieval
- Manage all your training programs within LabCollector

Skills

- Easily organize trainings by skills
- Define unlimited skill levels
- •Assign LabCollector users to skill groups
- Direct training materials and sessions towards specific skills
- Import previous skills

Trainings

- Manage unlimited training courses
- Train users using PDF documents and videos
- Organize trainings by names, codes and categories
- Track training completion status: ToDo, Ongoing, Completed...
- Set expiry dates to limit training validity
- Create both mandatory and optional trainings
- Define self and internal trainings as needed

Certificates

- Easily deliver certificates of achievement to staff
- Manage staff skill levels to enhance personal competencies

C Training Management Addors / Treining Management / Profile	≡
A Your access to LabCollector is restricted	
! Its seems that you have some trainings to complete for LabCollector. Their completion necessary to access the following parts :	is
✓ LabCollector Access: Granted	
Equipment categories: ELISA : Blocked, you need to follow the training: General Molecular Blology : Plasmids.	
Go to my profile to complete my trainings	

Compliance

Link user rights in LabCollector to skills:

- Limit access to equipment based on skills
- Restrict user access to specific add-ons, modules, tools and analytical tests
- Encourage users to follow trainings and acquire skills
